"Silver Star" Screws

The Ultimate in Corrosion Resistance

"Silver Star" Screws are manufactured from the finest quality stainless steel alloys. For use with chemically-treated materials and in wood and plywood applications which are exposed to the weather, high moisture and other caustic conditions which make corrosion resistance of primary importance. When corrosion of fasteners could affect structural performance, or just to prevent unsightly staining, "Silver Star" Screws provide the best protection available. Excellent for cedar, redwood and other tannic acid woods.

"Silver Star" Stainless Steel Flat Head Screws

1 1/4" to 4" lengths

Star Drive Recess

- Reduces camout and end load
- Twice the torque of Phillips or square drive
- Eliminates spinning and fastener damage
- Two recess sizes (20 & 25) to match the torque requirements of the screw size
- Gives better bit life

Type 17 Notched Extra Sharp Point

- Starts quickly without 'walking'
- Significantly reduces spitting & drive torque requirements by removing wood from the hole as the screw penetrates instead of forcing the wood apart

Compatible with pressure treated lumber

Sharp Threads and Proper Thread Angle

- Cut cleanly without crumbling or crushing, reducing splitting and cracking
- Ideal for end grain use

Waxed & Lubricated
• For easier driving

True Flat Head with 5 Cutting Nibs

- Self-countersinking
- Prevents spin-out

Grade 305 Stainless Steel

- Highest nickel content of the 188 stainless steels.
- Delivers superior corrosion resistance
- Eliminates discoloration and staining around screw heads
- Unaffected by tannic acid and other extractives found in cedar and redwood

"Silver Star" Stainless Steel Trim Head Screws

1 5/8" to 4" lengths

T-20 Drive Size
• For proper torque

Type 17 Point

- Drives easily
- Reduces splitting

Waxed & Lubricated
• For easier driving

Compatible with pressure treated lumber

Small Head with Cutting Nibs

- Self-countersinking
- Gives a professional-looking appearance

Available Packaging:

5 lb.

1 lb.

Clear Plastic Jars
with screw-on lids
