## **Screw Products, Inc. Unveils New Line of Drywall Screws**

*New line offers a variety of sizes for use with multiple materials*

**GIG HARBOR, Wash.** – Quality fastener and fastening system provider [Screw Products, Inc.](http://www.Screw-Products.com) has announced the release of its new line of drywall screws.

These high quality drywall screws are available in six sizes, ranging from a #6 X 1-1/8" to a #8 X 3" and feature both fine and course threads. All screws in this line also feature a bugle head to prevent tearing, a phosphate coating to help resist corrosion and a Phillips drive recess.

These drywall screws are an excellent choice for a variety of materials, such as wall board, drywall, plaster board, sheet rock and gypsum board, to name a few.

The drywall screw line from Screw Products, Inc. is available in 1lb jars, 5lb jars, Bulk Pails, and 50lb Boxes, perfect for the largest or smallest of projects. Full Container pricing is also available for larger orders.

For more information, contact Screw Products, Inc. toll free at 877-844-8880.
