FASTENERS**

316 STAINLESS STEEL

COMPOSITE FASCIA

FASCIA

NEW!

316 STAINLESS STEEL

#9 x 1-7/8"

Patent Pending
System Allows
Movement and
Flex of Boards!

This Feature
Helps Prevent
Warping and
Buckling of the
Fascia Boards!

It's All Here!
No Special
Tools Required.

Available In
Popular Board
Colors. Custom
Colors Upon
Request!

***Our solution requires
no separate purchase of
expensive special tools!***

While other brands cut into the surface of the fascia boards often leaving shavings behind exposed, our solution leaves a cleaner finished surface and the hole sealed off completely.

**PATENT
PENDING**

100ct Jar Includes
Drill Bit & Drive Bit.

The advanced **316 Stainless Steel** Composite Fascia Screw
for high corrosion protection in exterior areas.

FASCIA

THE ULTIMATE FASTENERS

316 STAINLESS STEEL

COMPOSITE FASCIA

Announcing our new Patent Pending Star Drive Fascia Screw! Easily secure your Composite or PVC Fascia (with popular board matched head colors!). Our system helps provide a beautiful, durable connection for years to come! Each jar contains everything you need for installation. No additional custom tools are required!

316 Stainless Steel offers a corrosion free connection, thereby eliminating staining over time. Also, 316 Stainless Steel offers flexibility to adapt to the movement the fascia boards will experience due to temperature fluctuations.

Sizes Available: #9 x 1-7/8"
